www.bladderandbowelfoundation.org

DENTISTS

If you are registered with a dentist providing NHS treatment, you may be entitled to free treatment, because of your age or income. For more information obtain the Department of Health HC11 leaflet 'Help with health costs'. If you need a dentist to make a home visit, a list can be obtained from:

- NHS Direct on 0845 4647. Website: www.nhsdirect.nhs.uk
- ICIS on 0800 859929.

DISTRICT NURSING SERVICE

The District Nursing Service is a team of trained nurses and health care assistants led by a trained nurse with a specialist community nursing qualification. These teams are attached to a GP surgery and work closely with all other staff who are employed within the practice. The service provides skilled nursing care which includes complex assessments of health needs, wound assessment and care, acute and chronic disease management, palliative and terminal care and administration of treatments using specialised nursing equipment and medication. Care is carried out in the patient's home. You can contact a District Nurse at your health centre or clinic, or through your GP.

EXPERT PATIENT PROGRAMME - LIVING WELL

The Expert Patient Programme "Living Well" courses are self-management courses for people who live with a chronic illness such as heart disease, asthma, back pain, arthritis and diabetes for example. The courses are free, are run by volunteer lay people who themselves live with chronic illness, and run for two and a half hours once a week for 6 consecutive weeks.

HOSPITAL PALLIATIVE CARE TEAM

Provides care and support for people with terminal illness and their families. Two full time nurses work Monday to Friday caring for patients with palliative care needs and their family, from diagnosis to end of life. They network closely with the Community Palliative Care Nurse Specialist and the Community Primary Care Teams, and especially with St Barnabas House.

HOSPITAL DISCHARGE TEAM

There are agreed procedures between hospitals and West Sussex County Council to ensure that anyone who may require support services or equipment on leaving hospital is entitled to have their needs assessed and an appropriate care package arranged prior to discharge. Carers should be involved in this process. Social workers based at hospitals can offer assistance with non-medical problems or queries, and can advise the patient and carer on how to obtain more help in the home. If you are unsure about any aspect of how you will cope when the person being cared for comes home, ask to see someone from the Hospital Discharge Team.

INTERMEDIATE CARE TEAM

The Intermediate Care Team is a multi-disciplinary team of Nurses, Occupational Therapists, Physiotherapists, Community Psychiatric Nurse, Social Workers and Community Support Workers. The aim is provide rehabilitative support in a person's own home, for up to 6 weeks, to help them be as independent as possible. They are unable to provide intensive support or 24-hour-care after leaving hospital, as this is the remit of the Hospital Discharge Scheme.

MACMILLAN NURSE

The Support Nurse has specialist expertise in symptom control and emotional support and can offer advice, information, guidance and support to people with cancer and other progressive illnesses, their family and professionals.

MARIE CURIE NURSING SERVICE

The service (subject to availability) is primarily for cancer patients over 16 years old and their families, but can also be accessed by patients with other life limiting conditions needing end of life care. Patients need to be registered with a local GP and resident in the Adur, East Arun and Worthing area. The service is provided free in the patient's home. Care is given by Registered Nurses and Health Care Assistants, who offer support, advice and physical care.
